- Has built up a collection of assignments over the years

# User Stories

Students: Keith, Robert, Kelly

TA: Bongani

Professors: Miroslav, Matija

## Core Functionality

1. As Matija, I want to create questions.
2. As Matija, I want to create new assignments.
3. As Miroslav, I want to be able to set correct answers to each question in an assignment.
4. As Keith, I want to be able to view assignment questions.
5. As Kelly, I want to be able to answer assignment questions.
6. As Kelly, I would like to be able to submit my assignment answers.
7. As Miroslav, I want to be able to assign a mark to every student assignment submission.
8. As Bongani, I want to be able to write feedback for every assignment submission.
9. As Keith, I would like to view my marks and feedback for each assignment.
10. As Robert, I would like to view the solutions of each assignment.

## Administrative/Workflow/User Roles

11. As Miroslav, I want to have control of the visibility of each assignment.
12. As Matija, I want to set the visibility of assignment questions and solutions based on dates.
13. As Matija, I want course instructors and students of the course to be able to login to the system with their own accounts.
14. As Miroslav, I want to be able to add instructors and students to my course.
15. As Miroslav, I want to be able to remove instructors and students from my course.
16. As Miroslav, I want to be able to have different types of questions such as multiple choice, fill in the blanks, true/false
17. As Matija, I want to edit existing assignments.
18. As Miroslav, I want to be able to customize the assignment questions for each student.
19. As Miroslav, I want to select sets of assignment questions & solutions from an existing library.
20. As Miroslav, I want students to be able to redo assignments if it is before the due date.

## Other Functionality (Supportive Functions/Statistics & Reports/Gamification/Integration)

21. As Miroslav, I would like statistics of the students progress/results.
22. As Matija, I want to identify and display the class average of an assignment.
23. As Keith, I want to be able to keep a personal log of the work I've done and revisit past submissions.
24. As Keith, I want to be able to store an offline copy of my completed assignments on my laptop.

25. As Miroslav, I want instructors to keep a copy of the latest version of each student assignment submission.
26. As Keith, I would like to be able to request a detailed explanation to any of my errors.
27. As Bongani, I would like to be able to reply to questions about grading.
28. As Miroslav, I would like to be able to manually change an individual's assignment grade.
29. As Miroslav, I would like to post FAQs that are visible to all students.
30. As Miroslav, I would like every question to point to relevant resources to assist students.
31. As Kelly, I would like to have notifications of assignment details as they are updated.
32. As Matija, I want to have the option to push notifications.
33. As Matija, I want to be able to set rewards on student assignments based on a mark threshold.
34. As Robert, I want to gain rewards depending on what mark I get on the assignment.
35. As Keith, I would like to solve related problems in practice mode to prepare for tests.
36. As Kelly, I would like to have online chat sessions with instructor.
37. As Keith, I want to book appointment with the instructor.
38. As Matija, I want student questions directed to TAs.
39. As Keith, I want the system to provide positive reinforcement.
40. As Robert, I want to integrate my FB account to share my results with friends.
41. As Robert, I want to be able to work in teams.
42. As Robert, I want to have team competitions for assignments.
43. As Robert, I would like to personalize the website with my own pictures.
44. As Matija, I want to upload my existing collection of assignment questions.
